

User Manual *Adjustable Notebook Skin*

know your product

Protect and customize your notebook computer with G-Cube™ Adjustable Notebook Skin. Made from a durable material, it allows you to add a stylish look as well as protect your laptop from bumps and scratches. G-Cube™ Adjustable Notebook Skin comes in a variety of attractive colors and designs. Protect your Laptop with Style!

- ❑ **Exceptional Image Quality**
- ❑ **Tailor-Made to Fit Notebook sizes: 17", 15.4", 14", and 13" wide**
- ❑ **Self-Adhesive Backing - No Damages on the Notebook Once it is Removed**
- ❑ **Waterproof and Fade Resistant Surface-**
Durable material will not fade or wash out colors or graphics keeping the notebook protected.

getting started

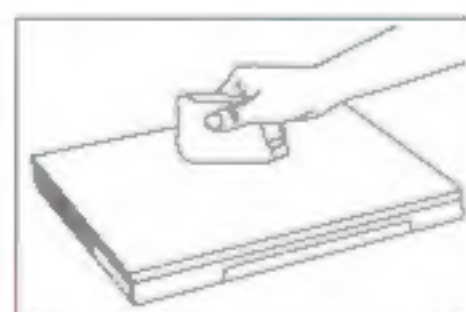

- 1** Turn to the back of the skin where you see the lines and grids. Using either sharp scissors or a sharp blade, cut the dimensions to fit the size of your notebook.
Simply cut to any length or shape. It provides 3 standard lines in Red, Green, and Blue for sizes of 15.4", 14", and 13".

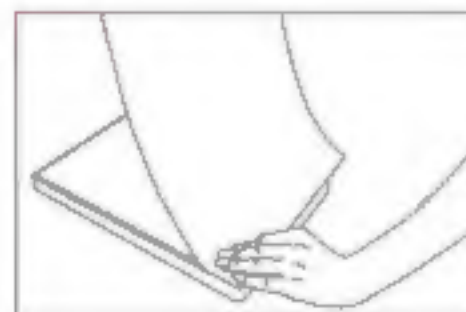

NOTE: Make sure to cut the skin slightly bigger than the actual needed size, in order to trim the skin to a perfect size.

- 2** Clean the surface of the notebook before applying the skin, by wiping the area where the skin will be applied.

NOTE: Make sure the surface is dry before applying the skin.

- 3** Simply peel the front sticker from the backing and carefully apply onto the notebook. To avoid bubbles or lumps start applying at the edge of the notebook (see image on the right). Use your fingers and palm to smoothen the surface as you apply the entire skin onto the notebook.

- 4 (if necessary)**
If you feel the skin is not applied evenly, you may remove the entire skin slowly and repeat steps 2 & 3 until it's on properly.

WARNING: YOU MAY NOT BE ABLE TO REAPPLY IF THE SKIN IS WET OR TORN.

G-CUBE inspiration

A group of young female technicians got together and decided it was time for ladies to be able to express themselves with the hardware they use. G-Cube is specially designed by women for women. Our products are not only stylish, but are also functional and meet the needs of women.

G-Cube recognizes that the computer peripheral market in particular and the electronic category as a whole, has traditionally catered to the masses which results in products that leaves consumers with little choice in the aesthetics and totally expressionless.

G-Cube differentiates itself from the masses, our products are a way of customizing yourself....**being more of an individual.**

G-Cube is designed with YOU In Mind. G-Cube wants you to **Express Who You Are** at home, at school, at work, the local coffee shop, the PTA or at your next national sales meeting.

G-Cube wants you to Be Yourself....and....Inspire Others!
